Editor Intelligencer.

In your paper of this morning an article is published under large and conspicuous head lines, charging that I am pledged to favor several measures which are said to be for the benefit of Sheriff Tingle and the Elm Grove Railroad. In reply I desire to say that the statement made in the article referred to is a willful falsehood. It is a falsehood because it is without the shadow alsehood because it is without the shadow of foundation in fact; and it is a willful of loundation in fact; and it is a willing falsehood because the writer or author made no effort to ascertain the truth before publishing the lie.

I further state that I am not pledged, either actually or morally, to favor or support any of the measures in the INTELLIGENCER mentioned, or any other of a like character. I say furthermore that I have never been

the usual course of business, and are offer ed by him for deposit. No destinction will be made on account of the date of colunge or denomination of any silve

Dealers in "Crooked Whisky."—Deputy U.S. Marshal B. J. Campbell came in from the interior yesterday, bringing with him Thornton F. Cartwright, Cede Norris, Nathan Baker and Jehu Martin, who are charged with dealing in crooked whisky. Cartwright, Martin and Baker belong in Marion county, and Norris in Wetzel. The prisoners were taken before U.S. Commissioner Forbes, and, with the exception of Norris, gave bond for their appearance before the U.S. Court to answer. Norris will be detained until he can find a bondsman.

Connection.—In our issue of yesterday, under the head of "An Important Reduction at the La Belle," we stated that the Board of Directors of the La Belle Iron Works met on Saturday and decided upon a reduction of twenty per cont in the wages paid their nailers. This statement was revue on the strength of information furpaid their nailers. This statement was made on the strength of information furnished us by a perfectly reliable gentleman; but we have since learned that he was either misinformed or misunderstood the person with whom he talked upon the subject. The Board of Directors of the La Belle Company did not meet on Saturday, and no notice of a reduction of wages has been served on the nailers. The report perhaps originated from the general meeting of nailers held on Saturday, at which the matter of breaking the sliding scale was under consideration.
